

Product Specification: USB Logger (S051)

LEBI331 Single-Use Temperature Data Logger

Product Description

The LEBI 331 Single-Use USB Data Logger provides cost-saving continuous temperature monitoring during the transport of temperature-sensitive goods.

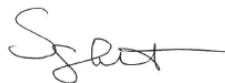

The logger can easily be connected to any PC via the USB interface. Directly on the destination, the LEBI 331 creates a PDF report automatically with all the important data of the temperature curve. A special software is not required. The software by which the data logger can be read out is optional and FDA 21 CFR Part 11 compliant.
